Person to Contact:

The information provided in this application is accurate to the best of my knowledge. In making this request, I agree to abide by all rules and statutes governing certification in Oregon, and the stipulations set forth in the Certified Blend Provisions and Procedures (see back panel). I understand that a breach of this agreement may result in the denial of certification privileges.

*Indicate the type and date of request: Advanced Tagging, Early Sampling for Tagging, or Movement of Untagged Certified Seed.

Stipulations regarding this *Request for Certified Blend Approval*:

1. The information provided for this application must accurately represent the blend lot. If any attribute of this blend is changed for any reason, a revised *Request for Certified Blend Approval* must be submitted to the Seed Certification Service office.
2. Permission to use proprietary varieties must be supported by proper documentation.
3. Complete records must be maintained by the requesting company or its agent and be presented to the Seed Certification Service upon our request. This includes all records pertaining to the acquisition of component lots, and the blending and distribution of this blend lot.
4. All certified tags of the component lots must be forwarded to the Seed Certification Service within ten days of completing the blend.

How to avoid unnecessary delays in the approval process:

1. Provide all of the information requested on this application. Incomplete applications will be returned.
2. Physically verify your component lot inventory needed for this blend.
3. Verify that all interagency component lots have the proper tests and documentation.
4. Obtain the sampler's verification of untagged component lots prior to submitting this *Request for Certified Blend Approval*.
