

Certification Standards: The general standards for seed certification found in the Oregon Seed Certification Service Handbook (OSCS) are basic to all crops, and together with the following specific regulations constitute the certified Timothy standards.

Varieties Certified: Varieties and seed classes eligible for planting may be found in the OSCS Handbook.

Field History: Land must have been free of Timothy for five years to produce Foundation seed and two years for Registered and Certified seed. Timothy must be planted in distinct rows. Exceptions must be approved by the Seed Certification Office prior to planting.

Field Inspections: Include a seedling and seed crop inspection. The seedling application must be submitted with 60 days of planting and a seed crop application must be submitted by April 15 each year seed is produced.

Field Standards:

Class of seed produced	Maximum other varieties permitted ¹	Isolation requirements ²	
		Less than 5 acres	More than 5 acres
Foundation	None	900 ft.	900 ft.
Registered	0.5%	660 ft.	300 ft.
Certified	1.0%	330 ft.	165 ft.
