CERTIFICATION STANDARDS
OATGRASS
(Anhenatherum elatius)
 Revised February 7, 2024

Certification Standards: The general standards for seed certification found in the Oregon Seed Certification Service (OSCS) Handbook are basic to all crops, and together with the following specific regulations constitute the standards for certified oatgrass.

Varieties Certified: Varieties and classes eligible for planting may be found in the OSCS Handbook.

Field History: Land to produce Foundation seed must have been free of this grass for at least five years; two years for Registered or Certified seed. For Registered or Certified classes, these requirements are waived if the previous crop year of oatgrass was of the same variety, same or higher class, and passed certification field requirements for genetic purity. Oatgrass must be planted in distinct rows. Exceptions must be approved by the Seed Certification Office prior to planting.

Field Inspections: Include a seedling and a seed crop inspection. The seedling application must be submitted within 60 days of planting and a seed crop application must be submitted by April 15 each year seed is produced.

Field Standards:

Class of seed produced	Maximum permitted Other Varieties ¹	Isolation Requirements ²	
		Less than 5 acres	More than 5 acres
Foundation	None	900 ft.	900 ft.
Registered	0.5%	660 ft.	300 ft.
Certified	1.0%	330 ft.	165 ft.

Seed Standards: (Minimum Sample Size – 1/2 pound)

Factor	Foundation (White Tag)	Registered (Purple Tag)	Certified (Blue Tag)
Pure seed, minimum	90.00%	90.00%	85.00%
Other crops, maximum	0.10%	0.10%	0.25%
Inert matter ³ , maximum	10.00%	10.00%	15.00%
Weed seed ⁴ , maximum	0.30%	0.30%	0.30%
Weed seed, GROUP A ⁵ , singly or combined	None	18/lb.	54/lb.
Germination, minimum	70%	70%	70%

¹ Includes off-type plants.

² See Section IV, D in the OSCS Handbook.

³ Three percent maximum may be broken seed, dirt, stones, or diseased seed.

⁴ None of the prohibited weeds listed in Section V in the OSCS Handbook, nor any *Galium* spp. allowed in any class of seed.

⁵ GROUP A - buckhorn plantain, docks and sheep sorrel
